Profile

I am a Senior at Western Oregon University currently studying Computer Science and wanting to go into the software development field. I always want to learn more and more about the devices we use each day and create new and exciting things with them. I love to always challenge myself and try new and interesting projects to work on.

Education

10/2019 – present Monmouth, Oregon	Computer Science , <i>Western Oregon University</i> Currently a Senior, 3.96 GPA, Byte Club, Soccer Club and have won a championship, currently on the Turtle App development team.
---------------------------------------	---
